

*Courtyard Apartment*, L'Isle sur la Sorgue

- One bedroom village house – Sleeps 2-4

Located in the heart of the village, on a typical alley - very quiet but only a few moments from the hassle and bustle of village life, this charming one bedroom apartment is beautifully furnished and maintained to enhance the character of this quaint village house.

You enter the house on the ground level, where the dining room and fully equipped kitchen (washing machine, microwave, coffee maker, toaster, fridge/freezer, oven & hob, iron & board) are located.

The kitchen opens out onto the delightful private small courtyard, with a convenient table and chairs, the perfect spot to enjoy the peaceful ambiance of the warmer evening.

Back inside, a small stair case (and people over 6 feet will need to duck their heads) leads to the first level of the house and the living room, which can also double as a second bedroom, ideal for children or extended family.

Up a second small staircase (again, watching your headspace) to the second level and the spacious double bedroom, with walk in wardrobe/closet and bathroom with shower and wc.
