

Boutique 4 star FLORENCE – Central

Situated very close to Florence's central train station, with views onto the famous Santa Maria Novella square, with its beautiful cathedral, this hotel embodies history, art and culture, dating back to the 1800's, when it started as a stop for businessmen and artists, from all over the world.

In the 1940's it was transformed and the class, style and warmth have remained the same, in all this time, being the very basic principle of the hotel spirit.

The 38 single, double, triple standard and superior rooms and the junior suites are all unique, unrepeatable and furnished with taste.

The rooms feature ensuite bathroom with hairdryer, magnifying mirror, heated towelrail and slippers and are equipped with individually controlled air conditioning, flat screen TV with satellite channels, Internet access, electronic safe, mini bar, direct dial telephone and a kettle with herbal teas.

The rooms offer an interesting view over the street of the Florentine centre.

The junior suites feature a pleasant sitting area and guests are offered soft bathrobes.

The top floor junior suite has a fabulous terrace on 70 sqm, with a splendid panoramic view of the city.
