3/4 bedroom apartment Monti - ROME

The bright living room is the first thing you see when you enter the apartment. You immediately notice the large sitting area with two comfortable sofas (one turning into a single bed), and here you can enjoy all of the modern day comforts you need: flat screen TV, Wi-Fi, air conditioning.

Adjacent to the dining area, the modern kitchen offers everything you would find in your own home: an oven, a stove top, a refrigerator, a toaster, a tea kettle, kitchenware, and a dishwasher.

The sunny three double bedrooms have a comfortable queen size bed, night tables, a large closet, and there is also a lovely single room with night table.

To make your stay even more comfortable, there are two airy bathrooms: one with a shower and the other with a bathtub.

The apartment also features a fantastic terrace equipped with table and chairs to enjoy the sunny days in complete relax.

You will stay in the heart of Monti area, in Via Ciancaleone, just seconds off Fori Imperiali and Colosseum, and only a short distance from Trevi Fountain and the Quirinal Palace, other famous landmarks of this central area.

This is an interesting corner of Rome, with international restaurants, fashion and design shops, while at the same time it is very calm. The Cavour metro station (B Line) is nearby and many public buses will take you to the main sights of Rome.
