Apartment Catorina, Venice

Set on the fashionable island district of Giudecca — whose famous denizens include the likes of Hotel Cipriani and Harry's Dolci among others — just a ten minute ferry ride from St. Mark's Square, these apartments sit front and center across from the trendy Zattere promenade.

One of seven apartments served by an English-speaking reception, open daily from 9 am to 6 pm. Aside from far reaching canal views, spacious accommodations and well put together décor, each unit comes with three hours of daily maid service included in the price.

Throughout, you'll find small modern kitchens with espresso machines, gorgeous marble bathrooms with hair dryers and triple paned windows that drown out most of the water traffic and church bells. They even dampen the horns of arriving and departing cruise ships from the terminal, 400 yards away.

Fifth floor: Very spacious and open studio with large canal view windows and three sections: living area with TV, eat-in kitchen area with stove top, microwave and fridge and a queen size bed. One bathroom with tub and shower and hair dryer.

This huge studio is the front and center unit on the top floor offering exceptional views of the Giudecca canal (one of the most scenic in Venice) and across to the picturesque Zattere boardwalk. Top quality, air conditioned interiors.

Newly restored with hard wood floors, exposed cross support beams and bathrooms tiled with red marble from Verona make Galleon's decor both tasteful and traditional.

While the comfortably sized loft has its own A/C unit and is architecturally designed to not be easily viewed from the living room, its window sits along the floor limiting the view.

Also included are: free shuttle service across the canal, heat and electricity, daily maid service with towel changes, a breakfast basket, laundry service and wireless Internet access arranged by the English-speaking reception office.

Within 70 yards lies Harry's Dolci, one of Venice's best restaurants, worthy of a definite splurge. The 200 yard walk to the Palanca vaporetto stop is along a boardwalk passing small food shops, a few restaurants and a bakery. By water taxi the Accademia Bridge is in five minutes; Piazza San Marco: 10; Piazzale Roma, the Lido or Murano: 25; Marco Polo airport: 40.

A tax collected by the city of Venice is paid separately on the first five nights of any stay.
