

Village House, Tillac

3 bedrooms – 2 doubles and 1 twin
1 bathroom

This classified and historic village house dates back to 1470, although there were previous dwellings here in a 13C village.

Described as like a 'set from Shakespeare', the quaint street is often photographed and features in postcards of Gascony. The sunny living areas overlook the cobbled street, which is for foot traffic only, and has cool sitting out place under the arcades.

Entrance into the house is directly from the village street - stairs from the lower hallway lead up to the living areas, bedroom and bathroom.

Ground floor The front door leads straight into the entrance hall with stairs up to the first floor and access to the garage where the owner's car lives when we are not in France. There are 4 mountain bikes and tennis racquets for the local courts. The clothes dryer and outdoor furniture also are down here. The key-code to the tennis court is in our house as we have paid up membership. Guests can play free of charge.

Middle floor

Stairs lead up to a hall leading into a long living / dining area. One end has a dining setting and desk, original exposed beams and terracotta tiled floors. The other end of the room has 2 comfortable couches, and oak floor with rug.

The kitchen, separated by a bench, has built in cupboards, fridge; single bowl sink and washing machine; gas / electric cook top with range hood. There is an excellent bench top oven and a microwave. There are two bedrooms on this floor, one with a double bed and the other with two singles. The modern bathroom has bath with shower over, fitted wash basin, and WC.

Second floor

Stairs go up to a large 36 x 16 ft attic room with a big opening skylight. There is a double bed, 2 cots and several comfortable chairs for relaxing. Gas and electric heating. Electric hot water. Telephone. Parking in the back lane behind cottage or 50 metres away.
