

EUROVILLAS & TOURS

Lizzabelle, Saignon PROVENCE

- Small stone cottage – sleeps maximum 2 people.
- 1 x double
- 1 x shower room, wc

This pretty stone cottage with traditional wooden shutters, has been fully restored and renovated and sits nestled amidst fields of lavender in the hills of the Luberon. Spectacular view from every window. Stone terrace with arbour, garden furniture, BBQ.

You enter the cottage on the ground floor, into an open planned kitchen/dining/sitting room – fully equipped with oven, hob, washing machine, fridge, dining table and chairs, comfy sofa, a lovely fireplace, central heating and telephone.

There are many Provençal cookery books, tourist maps and a good novel or two, for you to peruse, study and relax with, for those who just want to unwind.

Up the stairs: double bedroom with plenty of wardrobe space, ensuite bathroom with shower. When you fling open your bedroom shutters, you see the village with its dramatic rocky outcrop and magnificent 12th century church.

And to the east are the rolling hills of the Luberon offering fabulous walks.... to the west, cherry orchards, vineyards and, evening sunset's over Saignon.

To the rear of the cottage are two cherry orchards. You are welcome to stroll around them and pick as much fruit as you can eat in season.

There is a pretty terrace around two sides of the cottage, with metal arbor, ivy and honeysuckle, where you can enjoy dining alfresco and in another tranquil corner near your own boules court, a calm and lovely place to sit and gaze over the village.
